

COBBLE CREEK CLUBHOUSE NEWSLETTER

AUGUST 2021

IN THIS ISSUE

August Club Events

Golf tournaments, member events, and happy hours, OH MY! Make sure you are putting all upcoming events on your calendar so you don't miss any of the party!

A Board of Directors Update

A thank you to our members for your on going support and a continued introduction to our wonderful staff.

Staff Articles

Staff articles give Clubhouse Members a good idea of the happenings in each department.

FROM THE BOARD OF DIRECTORS

THANK YOU, MEMBERS!

Thank you for being members and for supporting this great community! The members at Cobble Creek provide the foundation and establish the culture of our community!

GET TO KNOW MORE EMPLOYEES:

Dena Royer – Our new tavern manager is Dena Royer. Dena has been a flight attendant, developed her own construction cleaning business and brings a depth of restaurant and tavern experience to her new position. As a 1st class flight attendant, for Continental, she loved meeting different people from all walks of life. In addition, she worked sports charters and met her share of famous folks. Most notable among these was JFK Junior.

Dena is full of ideas and is excited to try them out. Winter business provides a great opportunity to engage members and public alike in tavern fun. Things like trivia, bingo, Wine Wednesdays, Taco Tuesdays, competitive football Saturdays and Sundays. You will see her on the cart as well as behind the bar this summer as she takes on her new role of tavern manager.

Dena is married with four grown kids – one set of twins, and two other young men. All are living close together in Denver and she misses them terribly. Her Covid rescue is a beautiful one year old black cat named Sydney. Sydney rescued Dena as much as Dena rescued Sydney. Her message to the members – EAT, DRINK AND BE MERRY FOR -----
-! We are proud that she has agreed to step into this new full-time position.

You will find Rex Hudson behind the ProShop desk. He says he likes "all things golf" although he no longer plays himself. He worked in Crested Butte for years in the Ski and Restaurant business. He left there in 2007 for Montrose because he hated "shoveling snow" and has worked for Cobble Creek ever since. When asked what he enjoys doing when not at work, Kala shouted from her office "He takes very long walks and smokes cigars." It took a few minutes before he agreed that in truth, that IS what he loves to do. He says he has worked at Cobble Creek this long because the members treat him well and he enjoys talking golf with them. Rex has always been a steady eddy customer service-oriented kind of guy and the backbone of Kala's staff!

Hannah Bass – Did you know that our new Events Manager has personal experience planning weddings? She and her fiancé of one year are planning a destination wedding to San Marcos in March of next year. Both have family in the San Diego area and it just made sense to get married there.

Hannah grew up here and graduated from Montrose's own Vista Charter School. This program allows non-traditional students of all varieties to finish their high school education around other life and work responsibilities. According to Hannah, this is an excellent program. She was their 1000th graduate, their first academic student booster and she sat on their school board as the student representative. She went on to study at Colorado Mountain College and Colorado Mesa University.

Her marketing experience comes from a position as Director of Marketing for the Montrose Chamber of Commerce and The City of Montrose's Office of Business and Tourism. More recently, she has developed her own business as a freelance marketer with advanced skills in Graphic Design, Website Development and Social Media Management.

4x4 exploring is her passion. Exploring back roads, mining towns and just tooling around with friends. If you travel up Yankee Boy Basin Road, you may check out their cabin, an escape from the ups and downs of Montrose "city life".

She is excited about developing the events management position into a revenue producing program for Cobble Creek while balancing it with service and club activities for the members. She says she is open to your ideas. Just not all at once please --- . She is beginning to find a balance between home life and work as she gets used to the very non-routine hours this job demands. She loves it! And we are lucky to have her!

COOLEST PARTY OF THE SUMMER

Tropical Summer Party!

Let's celebrate with yard games,
music, food, and drinks!

THE CLUB AT COBBLE CREEK
AUGUST 20, 2021 | PARTY STARTS AT 5PM

Followed by
The Links Glowball Tournament

FROM THE STAFF

From The Clubhouse

Our Clubhouse Manager Madison, and her husband Mitchell, welcomed their baby boy, Tucker into this world on Friday July 16th at 2:11pm. Tucker weighed 5lbs 14oz and measured 17 1/4 inches long.

Congratulations to the Freismuth family on their new bundle of joy.

While Madison is on maternity leave, please direct the following questions to the appropriate party below:

Accounting & Billing – Joni Frigetto

Event Schedule & Club Communication – Hannah Bass

Real Estate & Development – Randy Griffin

For any other questions, comments, or concerns, please email theclub@cobblecreek.com

FOOD TRUCK FRIDAY

Cobble  Creek

FROM THE STAFF

From The Golf Course

It must be August, the days are getting shorter, the mosquitos are out, and the Monsoonal rains are here. The last few weeks have been a little crazy with all of the mudslides. In fact, if this continues, we'll be as flat as Iowa here in a few years.

I know that I've said this a Quadrillion times, but, I sure am grateful to live in Montrose. We just don't have any catastrophic events to worry about. No avalanches, wildfires, mudslides, hurricanes, tornadoes,... no nothing(I know, that was a double negative).

So, in the previous paragraph, I used the word quadrillion. With the rate that our national debt is rising, it's a number that we all will be familiar with before too long. It's the number that follows a Trillion, 1,000,000,000,000,000!! WOW, I need to pop a Provac.

Sorry about the depressing observation. Let's talk about what's happening on the golf course. We have just completed the grading and drainage improvements on the south side of the 6th hole. It has been seeded and should see some green starting to pop in the next couple of weeks. With that being said, I would appreciate it if golfers could please refrain from going beyond the roped off area, even if your golf ball ends up over there. Treat this area as "Ground under repair". In fact, if you happen to hit an errant shot in this area and you make the most excellent decision to refrain from entering this forbidden zone to retrieve your Pinnacle, you can stop by the pro shop and inform Kala of your outstanding decision and she will give you a surprise gift.

Also, the irrigation system at the East side of the Tennis courts has been completed. We will be seeding that area soon. We will also be planting several Spruce trees just North of the cart path to compliment this new stand of grass.

Remember, in the words of the great Henry VonHinkelshtinken
"The only thing that matters in life, is tomorrows yesterday"

-Paul Heide- Golf Course Superintendent-

**NEW CARTS
ARE HERE!**

**PLEASE
REMEMBER TO
RIDE SAFELY**

FROM THE STAFF

From The Pro Shop

Hello everyone! It's been a wonderful summer so far. As you may have noticed we got new carts last week. They tare much faster than our previous carts.. With that being said please make sure you all are extra careful driving them, especially on the hills. On the other hand we need to make sure that we are protecting our golf course from abnormal wear and tear so we will be enforcing 2 carts per group from here on.

The Bosom Buddies fundraiser is coming up and we have received new pink shirts in the pro shop for any men that need pink for the day.

Pro tip: when someone tells you that you are lifting your head when you hit a bad shot, you're probably not doing that. Most likely you are changing your spine angle when you stand straight up too early in your down swing. That's when your low point changes and that's when you hit bad shots. There is a difference between looking up and standing up.

-Kala Rusk, PGA- Head Golf Professional-

WINE

TASTING TOUR
